Strategic Visioning Summit on the Future of the Library

Mission Statement for Summit:

Begin to develop a vision, ideas and recommendations for how libraries of all types will contribute to the continued prosperity of Wisconsin and its communities, by promoting:

- Quality of life
- Health of our democracy
- Educational excellence
- Economic and workforce development
- Preservation of our heritage and culture

Outcome of this will be a "Beginnings" Report Including:

A vision for how libraries of all types will contribute to the continued prosperity of Wisconsin and its communities by promoting the quality of life, health of our democracy, educational excellence, economic and workforce development and the preservation of our heritage and culture.

Identification of prioritized strategies/ideas for dissemination to the "entire" library community. Including ideas for publicity, action plans, constituents, and desired results. It is also expected that ideas will be created that can be in the Department of Public Instruction's 2009/11 budget initiatives.

This Strategic Visioning Summit brings together over 100 key library leaders and library advocates from across the State of Wisconsin with expertise and perspectives to bring to the discussion about the future of Wisconsin libraries.
