

# Kahoot! Quiz

**Enhance the Wisconsin Cheese Resource Slides Lesson with  
NEW Kahoot formative quizzes from Wisconsin Milk Marketing Board**

Using **Kahoot!** is as easy as

Download the Wisconsin Cheese Resource Slides to use in your classroom. Use as a presentation, supplemental resource or use with your Career Development Event teams.

### Slide sets include:

- History of Cheesemaking
- Steps in Cheesemaking
- Categorizing and Grading Cheese
- Cheese101
- Cooking with Cheese
- Art of Cheese Tasting
- Cheese Resources

### What is a Kahoot?

Kahoots are web-based learning games made from a series of multiple choice questions, surveys and discussion questions. Players answer on their own devices, while games are displayed on a shared screen to unite the lesson – creating a “campfire moment” – encouraging players to look up.

### How to Kahoot with Wisconsin Cheese

- Create an account at [GetKahoot.com](https://getkahoot.com)
- Select “Public Kahoots” and search for [WIDairyCouncil1983](https://www.wisconsinmilk.com/)
- Select the review game you would like to play, and press the purple “Play” button
- Choose the settings you wish to have for the game, and click “Launch”
- On their personal devices, players can then join by going to [kahoot.it](https://kahoot.it) in their web browser, and entering the pin displayed on the screen at the front of the room
- Students enter their nickname, it will be displayed on the front screen
- Students use their device to answer each question, with the aim to get as many points as possible and get to the top of the leaderboard
- The quiz master (teacher) can then download the results of the quiz, seeing how students answer for each question, and how quickly.
