Subject: OSA News Flash: DLM Testing Window Temporarily Closed

Dear District Assessment Coordinators -

We have been alerted of a construction incident affecting the University of Kansas networking system as of 1:30 pm today. Please inform all teachers and staff working with the Dynamic Learning Maps assessment that the system is currently down. KITE Educator Portal, KITE Client, DLM email and the helpdesk are all currently closed. We are waiting for more information and will let you know as soon as we can when to resume testing.

Thank you for your patience and hard work.

Troy Couillard
Director, Office of Student Assessment
WI Department of Public Instruction
