

# ● ● ● ABOUT DATA RECOGNITION CORPORATION (DRC)

Founded in 1978, DRC is a full-service assessment and information-management company with 650 full-time employees and more than 5,000 seasonal employees located nationwide. DRC is one of the country's largest and most experienced educational assessment vendors. We have served millions of students in all 50 states and in 49 countries.

## DRC LOCATIONS

DRC's headquarters in Maple Grove, Minnesota, and its multiple other locations across the country occupy more than 750,000 square feet of office and warehouse space.

## DRC EDUCATION SERVICES

To meet the demand of state education departments everywhere, DRC Education Services supplies custom assessment solutions and services:

- Paper-based and online assessments, including computer-adaptive test (CAT) and fixed-length formats
- Model curriculum units and lesson plans aligned to college- and career-ready standards
- Item development, including technology-enhanced items and performance assessment tasks
- Test development, including formative, diagnostic, interim, benchmark, and summative assessments
- Proven, powerful, and highly reliable online testing engine—the DRC INSIGHT™ Online Learning System
- Production, packaging, distribution, collection, and image-scanning of secure materials
- Scoring, reporting, and data warehousing
- Psychometric research and analysis

In addition to custom assessments, DRC offers a wide range of products supporting students across the Pre-K through adult education markets:

*National achievement  
assessments*

*Adult basic skills  
assessments*

*High school equivalency  
assessments*

## OPERATIONAL EXCELLENCE AND HIGH-VOLUME CAPACITY (ISO 9001 CERTIFIED)

Each year DRC prints 355 million scannable pages, produces 10 million test booklets, distributes 25 million secure documents, image-scans and scores over 240 million pages, and securely stores more than 9,500 pallets of material in our long-term storage facilities.

## INDUSTRY LEADER AND FOCUSED PARTNER

Years of experience and dedication to state education clients have made us an industry leader at supporting the transition to assessment systems that measure college- and career-readiness.

We are a dedicated, focused partner who can transform testing data into actionable results to help our clients meet the challenges of today's educational assessment world:

- Transitioning to college- and career-ready standards. DRC has been instrumental in helping states implement a variety of transition strategies, including designing new assessment systems and helping increase the rigor of existing assessment systems.
- Successfully completing high-stakes K–8, high school, and end-of-course assessments, as well as various formative, diagnostic, and interim assessments.
- Providing assessment services and programs that support states' consortia testing and provide seamless integration into existing assessment systems.
- Transitioning to a proven, online testing system.

DRC is the premier provider of highly reliable technology solutions for large-scale assessment. The DRC INSIGHT™ Online Learning System is the industry's most reliable online testing engine. Our proven system will deliver 25 million secure assessments in the 2015–2016 school year.
