

## **Wisconsin Academic Standards- Theatre**

### **Content Standard One: PLAY READING AND ANALYSIS**

Students in Wisconsin will attend live theatre and read plays, be able to analyze and evaluate the play, and articulate (create meaning from) the play's message for individuals and society.

### **Content Standard Two: PERFORMANCE**

Students in Wisconsin will work and think as actors and develop basic acting skills to portray characters who interact in improvised and scripted scenes.

### **Content Standard Three: RESEARCH AND ANALYSIS**

Students in Wisconsin will research and analyze methods of presentation and audience response for theatre, the interconnections of theatre, community, other cultures, and historical periods for use as general knowledge.

### **Content Standard Four: ANALYSIS OF PROCESS**

Students in Wisconsin will work and think as theatre artists and reflect upon and assess the characteristics and merits of their own work and the work of others.

### **Content Standard Five: THEATRE PRODUCTION**

Students will think and work as playwrights, designers, managers, and/or directors to create and interpret improvised and scripted scenes.
