Ronald Flowers

Wisconsin Dept. of Public Instruction
Division for Student and School Success

Ronald Flowers:

This data errata submission is to correct the AGR enrollment for low-income pupils.

According to state statutes the DPI shall use the sum of low-income pupils in a grade eligible for funding in the eligible school on the 3rd Friday in September of the previous school year.

We are submitting the pupil counts from the 22-23 school year from the 3rd Friday in September for the 23-24 funding year.

Student enrollment in grades 5K – 3rd grade was 56 with 31 of those students eligible for free or reduced meals.

Please let me know if you require any further information.

Thank you,

Amy Peters
Bookkeeper
School District of White Lake
