Dear Melissa Aro,

I am contacting you to update the graduation data, specifically the Non-completers data, which was incorrectly reported for the School District of Crandon for the years of 2009-2010, 2010-2011 and 2011-2012.

For the 2009-2010 school year (4 years or less), we had (8) students listed as Complete-Other, but all (8) students did earn a regular diploma. (23) Other students were listed as Non-completers or Unknown. Of the (23), (6) students did in fact graduate with a regular diploma.

For the 2010-2011 school year (4 years or less), we had (4) students listed as Complete-Other, but (3) of those (4) students did earn a regular diploma. (12) Other students were listed as Non-completers. Of the (12), (4) students did in fact graduate with a regular diploma.

For the 2010-2011 school year (5 years or less), we had (8) students listed as Complete-Other, but all (8) did earn a regular diploma. (18) Other students were listed as Non-completers or unknown. Of the (18), (7) students did in fact graduate with a regular diploma.

For the 2011-2012 school year (4 years or less), we had (18) students were listed as Non-completers or unknown. Of the (18), (6) students did in fact graduate with a regular diploma, (1) of those students was a foreign exchange student, and one student is a continuing Special Education student.

For the 2011-2012 school year (5 years or less), we had (4) students listed as Complete-Other, but (3) of those (4) students did earn a regular diploma. (15) Other students were listed as Non-completers or unknown. Of the (15), (5) students did in fact graduate with a regular diploma.

Please note and accept these corrections to our data for the school years listed above.

Sincerely,

Andy Space  
HS/MS Principal
