RE: ISES Correction of Howard Elementary School – Fall 2005

Dear Ms. Boyd,

Stephen Sanders asked me to address the ISES report for 2005-2006 as the data reported for the fall free and reduced number was incorrect. Our records confirm that there were **sixty-six** students qualifying for free and reduced lunches in the fall of 2005 at Howard Elementary School. We also have the proper applications and documentation on file in the event that further verification would be necessary. Please make the necessary adjustment to the data errata site to reflect such.

Thank you for your assistance. If you should require any additional information, please feel free to contact my office.

Respectfully,

Damian LaCroix
Superintendent
