January 15, 2013

Dear Ms. Aro,

The purpose of this letter is to update the graduation data that was reported in error for students with disabilities for the School District of Oostburg. We discovered errors for the 2009 and 2011 school years.

After a meeting with a representative from CESA 7 to review the graduation rates for the Oostburg High School as reported on the school report card, we discovered that our students with disabilities were incorrectly reported. We had reported one student in 2009 and two students in 2011 as "Reached Maximum Age For Services" when in actuality, these students received regular high school diplomas and should have been reported as "High School Completion."

Because the reporting period for ISES has passed for the 2009 and 2011 school years, we are unable to correct this information. Please accept this data errata letter explaining the errors in the reported graduation rate for students with disabilities for 2009 and 2011. I understand that this letter will be placed on the WINSS website.

If you have any questions or want further clarification on the above, please feel free to contact me directly at 920-564-2383 x. 2218.

Sincerely,

Sherri Stengel
Director of Special Education
