## KEY TO ABBREVIATIONS AND NOTES

### Commonly Used Acronyms

- **CESA** – cooperative educational services agency
- **DIN** – decision item narrative
- **FTE** – full time equivalent
- **FY** – fiscal year
- **FED** – federal revenue
- **JCF** – Joint Committee on Finance (“Finance Committee”)
- **LEA** – local educational agency

### Fund Sources

- **GPR** – general purpose revenue
- **PR** – program revenue
- **PR-S** – program revenue-service
- **SEG** – segregated revenue

**FY19 Base** - The total FY19 authorized funding level for an agency or program. The base equals FY19 appropriations, pay plan modifications and any other supplements. It is this base that serves as the beginning point for calculating budget changes for the 2019-21 biennium.

### References to Members, Pupils, and Students

Throughout this document there are references to “student(s)”, “pupil(s)”, “member(s)”, and “membership”. These are all references to K-12 students, but the terms “member(s)” and “membership” reflect how students are counted under state law for purposes of state general equalization aid, certain categorical aids, and revenue limits.

Simply put, a district’s “membership” is the total full time equivalent (FTE) of students who are residents of the school district and for whom the district pays the cost of educating. As an example: a district’s “membership” includes residents who attend a public school in a different school district under the open enrollment program (and conversely, excludes non-resident students who attend a public school in the district under open enrollment). This is because each school district incurs a cost, via a reduction in its state general aid, for each resident student who enrolls into a public school in a different school district under the open enrollment program. State law provides for similar adjustments to a district’s membership for other circumstance as well.

The singular term “member” generally means 1.0 FTE pupil, unless otherwise stated (e.g., with respect to four-year-old kindergarten, which may reference 0.5 FTE or 0.6 FTE pupil).

**Membership for general equalization aid purposes** uses prior year data. A district’s total membership includes the average of the September and January pupil counts (converted to FTE), and adds in the district’s FTE pupils for summer school and interim session, as applicable. General aid membership now also includes resident students of the district who enroll in the Racine and the Wisconsin private school parental choice programs (if the student first enrolled in those programs in the 2015-16 school year or after), and for a subset of independent charter schools. Finally, adjustments are made to reflect students enrolled part-time in the school district, in the Youth Challenge Academy program, and for some students in foster care placements.

**Membership for revenue limit purposes** uses current and prior year data. It is comprised of the three-year rolling average of FTE of the third Friday in September student count, plus 40 percent of summer school FTE (if applicable).

While general equalization aid membership is calculated differently than membership for revenue limit purposes, the concept of a member (a resident for whom the district pays the cost of educating) is the same for both purposes.

In this document, references to “pupil” (e.g., “per pupil adjustment”), in the context of state aids and revenue limits, has the same meaning as “member”, as described above.

^Funding for the WRC had been provided on a one-time basis for the 2017-19 biennium under 2017 Act 59; under the Governor's proposal, adopted by the JCF, funding for WRC will be permanent (unless changed by a future act of the Legislature).

^^Funding for HOPELINE is provided under the Joint Committee on Finance Supplemental appropriation, rather than within the Chapter 20 appropriations schedule for DPI.

**NOTE:** This document summarizes proposed changes to current law appropriations and programs, as included in: the Department of Public Instruction's 2019-21 biennial budget request; Governor Evers' budget proposal for K-12 education funding; the budget bill as amended by the Finance Committee and then adopted by the Legislature; and the final budget bill signed by the Governor (with partial vetoes) and enacted as 2019 Act 9.

The departments' full request, with additional information for each item summarized below, can be found at:  
<https://dpi.wi.gov/policy-budget/biennial-budget/current>.

All action on the 2019-21 biennial budget for all state agencies, from agency requests through the final signed budget bill, is summarized by the Legislative Fiscal Bureau; the full summaries can be found at this web site:

## GENERAL AIDS & REVENUE LIMITS (SCHOOL FINANCE)

The department submitted the [Fair Funding for Our Future: School Finance Reform package](https://dpi.wi.gov/budget/funding-reform) as part of its 2019-21 biennial budget request. For a complete review of Fair Funding for Our Future, please visit: <https://dpi.wi.gov/budget/funding-reform>

**School Finance – Revenue Limits and General Aid:** *In Wisconsin, public school districts receive general equalization aid to support general operational programs of the district. General equalization aid is in essence a cost-reimbursement program, providing aid to districts based on districts' prior year shared (aidable) costs and relative ability to provide financial support for schools, as measured by property value per member.*

*Wisconsin state law limits the total amount of revenues a district may raise with general equalization aid and local property tax levies, referred to as the "revenue limit". General equalization aid is funding that goes directly to school districts, and reduces districts' controlled property tax levies; thus, general equalization aid is referred to as being received "under the revenue limit".*

See the section of this summary "[ITEMS REMOVED FROM CONSIDERATION BY THE FINANCE COMMITTEE](#)", subsection "[SCHOOL FINANCE](#)", for additional information.

## GENERAL STATE AIDS

### General Equalization Aids

#### AGENCY REQUEST:

- Request an increase of \$190,000,000 GPR in FY20 and \$406,322,000 GPR in FY21, for general equalization aids for public school districts in Wisconsin and implement the state superintendent's "Fair Funding for Our Future" (Fair Funding) school finance reform formula changes. The amounts reflect increases to all general school aids of 4.1 percent and 4.6 percent annually, over the biennium.

Note: these amounts exclude \$1,090,000,000 GPR that would be transferred from the School Levy Tax Credit (SLTC; \$940,000,000) and the First Dollar Credit (FDC; \$150,000,000), to the General Equalization Aid formula for FY21, because that amount would be appropriated in FY22.

- Request to modify the school aid formula to:
  1. Include a 20 percent weighing factor to reflect income/poverty for pupils who meet the criteria for free and reduced price lunch eligibility;
  2. Raise the secondary cost ceiling from 90 percent to 100 percent of the statewide average shared cost per FTE general aid member;
  3. Modify the Special Adjustment Aid eligibility threshold from 85 percent to 90 percent of the prior year state general aid amount; and
  4. Provide for minimum state general aid of \$3,000 per FTE general aid member.

#### GOVERNOR:

- Approve the requested changes to the general equalization aid formula under the department's Fair Funding school finance reform proposal.
- Increase funding for general equalization aid by \$15,000,000 GPR in FY20 (above agency request) and approve the requested funding in FY21.
- Beginning in FY20, eliminate the current law delayed aid payment (\$75,000,000) that was first implemented in FY00.

- The proposed funding reflects annual increases to all general school aids of 4.4 percent in FY20 and 4.3 percent in FY21 (net of the SLTC and FDC).

**FINANCE COMMITTEE:**

- Increase funding for general equalization aid by \$83,200,000 GPR in FY20 and \$246,742,000 GPR in FY21.
- Deny the requested changes to the general equalization aid formula and to eliminate the current law delayed aid payment (maintain current law).

**General Equalization Aids-Hold Harmless**

**AGENCY REQUEST:**

- Request \$5,800,000 in FY21 in a new, sum sufficient appropriation, to provide hold harmless aid to certain districts, to ensure that every district receives the same amount of total state support, as compared to current law, accounting for the School Levy Tax Credit amounts.

**GOVERNOR:**

- Modify agency request: increase funding level for hold-harmless payments to \$7,500,000 GPR in FY21, to reflect a revised simulation of the proposal, based on data from the October 15 certification of 2018-19 general equalization aid (increase of \$1,700,000 GPR in FY21).

**FINANCE COMMITTEE:**

- Deny the request.

**Aid for High Poverty Districts**

**AGENCY REQUEST/GOVERNOR:**

- Request to maintain High Poverty Aid base funding for FY20, and to eliminate the program in FY21 and transfer the base level funding of \$16,800,000 into the general equalization aids appropriation.

**FINANCE COMMITTEE:**

### **Restore Two-Thirds Funding**

#### **AGENCY REQUEST/GOVERNOR:**

- Restore the prior law definition of partial school revenues and “two-thirds” funding for public schools, beginning in FY21. Restore the prior law provisions pertaining to the state’s commitment to fund two-thirds of public education costs that were generally in effect from FY97 through FY03.

#### **FINANCE COMMITTEE:**

- Deny the Governor’s request to restore prior law two-thirds funding commitment (maintain current law).

## **CATEGORICAL AIDS**

*School districts may also receive categorical state aids, which are intended to finance or provide reimbursement for a specific instructional or supporting program, or to aid a particular target group of pupils. (Per Pupil Aid is the exception to this rule, as it provides a flat dollar per member, with no eligibility criteria applied). Categorical aids are received “outside the revenue limit”, as receipt of a categorical aid does not reduce a district’s ability to raise property taxes. School districts do not receive general equalization aid for expenditures supported by categorical aids.*

### **Per Pupil Aid (Partial Veto)**

#### **AGENCY REQUEST/GOVERNOR:**

- Continue funding Per Pupil Aid at the FY19 payment of \$654 per member, and request a decrease in expenditure authority of \$3,398,400 in FY20 and a decrease of \$5,298,400 in FY21, to reflect the amount required to fund payments, based on estimated statewide revenue limit membership in FY20 and FY21.

#### **FINANCE COMMITTEE:**

- Provide increases of \$17,459,200 GPR in FY20, and \$36,277,600 in FY21, to reflect increases of \$25 annually to the per pupil payment amount, based on projected statewide revenue limit membership.

- ***Partially veto the language in the bill so as to provide a total of \$742 per member in FY20 and in FY21.***

### **Supplemental Per Pupil Aid (Partial Veto)**

#### **FINANCE COMMITTEE**

- Create a new categorical aid program to provide additional aid to districts, if their per-member General Aid amount, plus the per-member Per Pupil Aid amount, is less than \$1,000.
- This supplemental payment would be equal to the amount required to reach \$1,000 per member, multiplied by the number of revenue limit members (as used for Per Pupil Aid), and would be prorated if appropriation is insufficient (\$2,800,000 GPR in FY20 and \$2,500,000 GPR in FY21).

# INDEPENDENT CHARTER SCHOOLS, PRIVATE SCHOOL PARENTAL CHOICE, SPECIAL NEEDS SCHOLARSHIP PROGRAM, AND OPEN ENROLLMENT

## Formula for the Annual Adjustment to Per Pupil Payments

### AGENCY REQUEST:

- Modify the calculation for the annual adjustment to the per pupil payment for independent charter schools (ICS), private schools participating in a parental choice program or the Special Needs Scholarship Program (SNSP), and for the full time transfer amount under the public school Open Enrollment (OE) program (applies to both the special education OE and the regular OE transfer amounts).
  - The department recommends that just two factors be included in the annual adjustment: 1) the dollar amount of the revenue limit adjustment per revenue limit member provided to public school districts; and 2) the dollar increase in the payment per revenue limit member under the Per Pupil Aid program [per Wis. Stats. Sec. 115.437].
  - Current law specifies that the dollar increase in state appropriations for most categorical aid programs, divided by the prior year revenue limit membership, is added to the revenue limit per pupil adjustment, to determine the annual adjustment to the per pupil payments for ICS, private school choice & SNSP schools, and OE transfer amounts\*.
- The resulting adjustments, based on the department's request for the per pupil revenue limit adjustment, and for Per Pupil Aid, would be \$200 for FY20 and \$204 for FY21.

### GOVERNOR:

- Approve the request to modify the calculation for the annual adjustment to the per pupil payment for all programs; the resulting increase is the same as the department's request: \$200 in FY20 and \$204 in FY21, (except for the OE program, for which increases would be \$300 in FY20 and \$304 in FY21).

### FINANCE COMMITTEE:

- Maintain the current law indexing method. The table below shows estimated annual increases based on Act 9 appropriations.

**Table 1. Estimated Per Pupil Adjustment and Payments under 2019 Act 9 for Parental Choice and Special Needs Scholarship Programs, for Independent Charter Schools, and for Open Enrollment**

<u>Program</u>	<u>FY19 (Base)</u>	<u>Annual Increase</u>		<u>Per Pupil Payment</u>	
		<u>FY20</u>	<u>FY21</u>	<u>FY20</u>	<u>FY21</u>
Independent Charter Schools	\$ 8,619	\$292	\$254	\$8,911	\$9,165
Private School Choice (grades K-8)	7,754	292	254	8,046	8,300
Private School Choice (grades 9-12)	8,400	292	254	8,696	8,646
Spec. Educ. OE & SNSP	12,431	292	254	12,723	12,977
OE [reflects additional \$100 each year]	7,379	392	354	7,771	8,125

\*For the transfers of aid for non-special education students participating in OE, the per-pupil adjustment would continue to be increased by an additional \$100 in FY20 and in FY21, per 2017 Act 59 (under Wis. Stat. 118.51(16) (a) 3.c.).

## ***ITEMS REMOVED FROM CONSIDERATION BY THE FINANCE COMMITTEE***

On May 11, 2019, the Joint Finance on Committee adopted motion #5, which removed from consideration several provisions of the Governor's 2019-21 biennial budget proposal (i.e., provisions were not considered by the Committee as part of deliberations on the budget). The provisions that had been included in the Governor's proposal for K-12 Education funding, but removed under motion #5, are listed below.

### ***SCHOOL FINANCE***

#### **Counting Pupils for 4 Year Old Kindergarten (4K)**

##### **AGENCY REQUEST/GOVERNOR:**

- Beginning in FY21, modify current law to allow school districts to count 4K students enrolled in a full-day program as 1.0 FTE in the pupil counts that are the basis of school districts' general aid membership and revenue limit membership, and the basis of state payments to private parental choice schools and independent charter schools. Current law permits 4K students to be counted as either 0.50 FTE or 0.60 FTE (if additional hours of outreach are provided), regardless of whether a part-day or a full-day program.

#### **Revenue Limit Exemption for Lead Remediation**

##### **AGENCY REQUEST/GOVERNOR:**

- Create a non-recurring revenue limit exemption for lead remediation. A school board would be allowed to approve, by resolution, exceeding the district's revenue limit for the purpose of identifying and fixing lead contamination in the district's buildings. The exemption could be used to make debt service payments if the district borrows funds for the lead remediation project.

#### **School Levy and First Dollar Tax Credits**

##### **AGENCY REQUEST/GOVERNOR:**

- Request to transfer the \$1,090,000,000 GPR combined from the School Levy Tax Credit (SLTC; \$940,000,000) and the First Dollar Credit (FDC; \$150,000,000) into general equalization aids beginning with the FY21 state aid payments.

### ***CATEGORICAL AID PROGRAMS***

#### **Driver Education Categorical Aid**

##### **AGENCY REQUEST:**

- Provide \$2,000,000 GPR beginning in FY21, to create a new categorical aid program to offset the costs of providing driver education (DE) instruction. School districts, independent charter schools, and Cooperative Educational Services Agencies (CESAs) [collectively, LEAs] would be eligible to receive state aid based on the number of economically disadvantaged students who, in the prior school year, have completed a department-approved DE course of instruction, including both in-classroom and behind the wheel instruction. For each qualified student, the LEA would be eligible to receive up to \$200 in state aid, provided the LEA reduces or waives the fee normally charged for DE instruction, for the qualified student.

#### **Teacher Training and Recruitment Grant Program**

##### **GOVERNOR:**

- Provide \$750,000 GPR annually, beginning in FY20, for a grant program that would provide state support to school boards, governing bodies, and charter management organizations that partner with educator

preparation programs to design and implement teacher development programs, for the purpose of training and recruiting highly-qualified teachers, teachers in high-demand/hard-to-fill subjects, or to increase capacity for schools to offer dual enrollment (college credit bearing) courses for high school students. Funding would be transferred from appropriations for teacher training and development that are currently housed at the Department of Workforce Development.

#### **Transfer Career and Technical Education (CTE) Completion Award Program**

##### **GOVERNOR:**

- Beginning in FY20, transfer the appropriation and the responsibility for administering the CTE Completion Award program, from DWD to the department. Under this grant program, students are eligible for a payment of \$500 for each industry-recognized certification earned by the student. It is a zero dollar, sum sufficient appropriation (all eligible claimants receive full award amount).

#### **Transfer Career and Technical Education (CTE) Incentive Grant Program**

##### **GOVERNOR:**

- Provide \$3,500,000 GPR annually, beginning in FY20, to reflect the transfer of the appropriation for the CTE Incentive grant program, back to the department (as initially created under 2015 Act 59), from the Department of Workforce Development (DWD). Under this grant program, school districts with an industry-recognized certification program are eligible for a payment of \$1,000 for each student who graduates from a high school in the district with an industry-recognized certificate, in addition to a high school or technical education diploma (awards are prorated if funding is insufficient).

#### **Transfer of School Safety Grant Program**

##### **GOVERNOR:**

- Transfer the Office of School Safety, which administers the School Safety grant program, from the Department of Justice (DOJ) to the department. The duty to offer training to school staff remains with DOJ while all other duties of the office move to the department.

#### **Transfer of Technical Equipment Assistance Grant Program**

##### **GOVERNOR:**

- Provide \$500,000 GPR annually, beginning in FY20, to reflect the transfer of the appropriation for the Technical Equipment Assistance grant program, from DWD to the department. Transfer responsibility for administering the grant program from DWD to the department. Under this program, school districts can apply for grants to be used for the acquisition of equipment that is used in advanced manufacturing fields in the workplace, and for the software and instructional material necessary to train students in the operation of that equipment.

## **CHARTER/CHOICE/SNSP/OPEN ENROLLMENT**

### **Independent Charter Schools – Prohibition on Authorizing New Schools**

#### **GOVERNOR:**

- Specify that no new independent charter schools (ICS) may be authorized by any ICS authorizer\*, beginning with the effective date of the 2019-21 budget bill, through FY23, except that an entity that is permitted under current law to authorize an ICS could do so (after the effective date of the budget bill) if that entity had indicated to the department its intent to authorize the ICS, by February 1, 2019.

The Governor's proposal retained current law provisions that requires a charter contract to allow for an entity that has authorized more than one ICS to open one or more additional ICS, if all the schools that are authorized by that entity were assigned to one of the top two performance categories in the most recent school and school district accountability report.

\*Under current law, ICS authorizers include "legacy" and newer authorizing entities. The legacy authorizers include: the common council of the City of Milwaukee, the Chancellor of UW-Milwaukee, the chancellor of the UW-Parkside, and the Milwaukee Area Technical College district board. The following entities were authorized under 2015 Act 55 and 2017 Act 59 to authorize independent charter schools: each technical college district board, the chancellor of any institution in the UW System, the county executive of Waukesha County, the College of Menominee Nation, and the Lac Courte Oreilles Ojibwa Community College. Additionally, the UW System Office of Educational Opportunity (OEO) was created under 2015 Act 55 as an ICS authorizer; under 2017 Act 59, the initial restrictions placed on the location of OEO-authorized ICS was removed.

### **Milwaukee Parental Choice Program – Participation**

#### **GOVERNOR:**

- Specify that, beginning with the 2020-2021 school year (FY21), the number of spaces (students) in the MPCP may not exceed the number of students participating in the 2019-2020 school year (FY20). If the number of applicants exceeds available space, the department would be required to conduct a random selection process to determine which applicants could participate.

### **Racine and Wisconsin Parental Choice Programs – Participation**

#### **GOVERNOR:**

- Specify that, beginning with the 2020-2021 school year (FY21), the number of spaces (students) in the RPCP and WPCP may not exceed the number of students participating in the 2019-2020 school year (FY20). If the number of applicants exceeds available space, the department would be required to conduct a random selection process to determine which applicants could participate.

### **Special Needs Scholarship Program – Participation**

#### **GOVERNOR:**

- Specify that after the 2019-20 school year, no additional students may be accepted into the SNSP (thereby phasing out the SNSP, beginning in the 2020-21 school year).

### **SNSP – Program Language Changes**

#### **AGENCY REQUEST/GOVERNOR:**

- Eliminate provisions in current law that provide for payments to be based on an actual cost basis, as opposed to the flat per pupil amount as specified under state statute.

- Eliminate the language under Wis. Stats. s. 115.7915(2)(f), which provides that students may apply at any time in a school year and begin attending at any time during the school year, and instead specify that SNSP schools must accept students on a random selection basis (rather, than first come first serve). This change would make the SNSP consistent with the state's other private school parental choice programs. **[NOTE: The Governor's proposal to phase out participation in the SNSP would render this provision moot.]**
- Remove the requirement that schools can be approved as a private school by the state superintendent and replace it with the requirement that schools obtain pre-accreditation if they are not accredited. Current law requires that schools either be approved as a private school by the state superintendent or be accredited. This change would create consistent requirements between the SNSP and the state's other private school parental choice programs. **[NOTE: the Governor's proposal specifies that the change would apply to schools that first participate in the SNSP in the 2020-21 school year.]**
- Specify that any schools that first participate in the SNSP in the 2019-20 school year must also participate in at least one of the state's other private school parental choice programs (i.e., the MPCP, RPCP, or the WPCP). This provision would ensure that private schools participating in the SNSP are also meeting the requirements such as school accountability, financial viability, and teacher credentials. **[NOTE: the Governor's proposal specifies that the change would apply to schools that first participate in the SNSP in the 2020-21 school year.]**
- Allow students to opt out of religious activities, as provided for under the private school parental choice programs.
- Specify that the provisions governing the charging of fees and tuition that apply in the state's other private school parental choice programs also apply in the SNSP. Currently, all SNSP students can be charged tuition regardless of grade level or income. Under the state's other private school parental choice programs only students in grades 9-12 who have a family income greater than 220 percent may be charged tuition. **[NOTE: the Governor's proposal specifies that the change would apply to schools that first participate in the SNSP in the 2020-21 school year.]**

#### **Additional Transparency and Accountability Provisions for Parental Choice Programs and SNSP**

##### **GOVERNOR:**

- Require all teachers at private parental choice schools, and at private schools participating in the Special Needs Scholarship Program (SNSP), to hold a department-issued license or permit, beginning July 1, 2022. Individuals who have been teaching for at least five consecutive years in a private school as of July 2, 2022 could apply for a temporary waiver from the department while they pursue department licensure (waivers would no longer be valid after July 1, 2027).
- Require a private school that begins participating in a parental choice program in the 2021-22 school year and thereafter be accredited by August 1 of their first year of participation.
- Require the amount of the gross reduction to a school district's general equalization aid related to private school parental choice programs, independent charter schools, and the SNSP be included on property tax bills.
- Eliminate the 6.6 percent transfer of state general aid between MPS and the City of Milwaukee.

#### **Special Education Open Enrollment – Program Language Changes**

##### **AGENCY REQUEST/GOVERNOR:**

- Eliminate provisions in current law that provide for payments to be based on an actual cost basis, as opposed to the flat per pupil amount as specified under state statute.

## **ADMINISTRATION AND SCHOOL DISTRICT MANAGEMENT**

### **Alternative Educator Preparation Program (Educator Licensing)**

#### **AGENCY REQUEST/GOVERNOR:**

- Repeal the statutory language that requires the department to grant an initial teaching license to an individual who has successfully completed an alternative teacher certification program operated by an alternative preparation program provider that is a non-profit organization under section 501 (c) (3) of the internal revenue code, that operates in at least five states and has been in operation for at least ten years, and that requires the candidate to pass a subject area exam and the pedagogy exam known as the Professional Teaching Knowledge exam to receive a certificate. The specific criteria included in the statutory provisions related to the alternative teacher preparation program describe the American Board for Certification of Teaching Excellence (ABCTE). The ABCTE provides an on-line teacher preparation program (with no required in-classroom, face-to-face student time).

### **Opportunity Schools and Partnership Programs (OSPP)**

#### **AGENCY REQUEST/GOVERNOR:**

- Repeal of the current OSPP language and replace it with a set of supports for persistently struggling (low-performing) districts – as requested under the department’s [Urban Excellence Initiative](#).

### **Paid Planning Time for Teachers**

#### **AGENCY REQUEST:**

- No request.

#### **GOVERNOR:**

- Require every school board to provide each of its teachers with paid planning time each school day equal to at least 45 minutes or the equivalent of one class period, whichever is longer.

### **School District Referenda Scheduling Restrictions**

#### **AGENCY REQUEST:**

- Repeal the statutory language included in 2017 Act 59 that limits school boards to holding referenda no more than twice in a calendar year and only on regularly scheduled election dates (i.e., primaries and general elections), with an exception for districts that had experienced a natural disaster [provision under Wis. Stat. sec. 67.05 and 121.91].
- Repeal the statutory language that links the authority of a school board to use the low revenue ceiling adjustment in current law to successful passage of referenda in prior years [Wis. Stat. sec. 121.905 (1)(b)]. Essentially, failed referenda within the three prior years make a school district ineligible to use the low revenue ceiling (some exceptions in current law for specific situations). This language was included in 2017 Act 141.

#### **GOVERNOR:**

- Modify agency request: approve the language changes requested, except that the Governor’s proposal maintains the current law requirement that school district referenda be held only on regularly scheduled primary and general elections.

  - Public libraries: modify the definition of rural territories to be "any territory, population, and housing units located outside urbanized areas or urban clusters" (current law refers to U.S. Bureau of Census definition); and

The Council recommends grant awards within the limits of the program's GPR funding, the Read to Lead development fund, and the Department of Public Instruction's (DPI) SEG sum sufficient appropriation for grants for literacy and early childhood development programs. The Read to Lead development fund consists of all gifts, grants, bequests, and other contributions made to the fund. The GPR appropriation has been budgeted \$23,600 annually since FY12. The administration indicated that the Read to Lead program has effectively ceased operations. The program's development fund initially received \$400,000 from the general fund, but has subsequently received only interest earnings. **WISCONSIN ECONOMIC DEVELOPMENT CORPORATION (WEDC)**

**Fabrication Laboratory ("Fab Lab") Grant Program**

**FINANCE COMMITTEE:**

- Require WEDC to provide at least \$500,000 SEG in FY20 and in FY21 to continue a fabrication laboratory ("fab lab") program that is substantially similar to the program under s.238.145, 2015 Wis. Stats., from its economic development fund operations and programs SEG appropriation.

**HISTORY:** WEDC was provided \$500,000 GPR in FY16, pursuant to 2015 Act 55 (2015-17 budget bill), to develop and implement a program to make grants to eligible recipients for purchases of equipment used in fab labs for instructional and educational purposes by grade school, junior high school, and high school students. The statutes that created the fabrication laboratory grant program were repealed under 2017 Act 59, which instead required that WEDC continue to provide funding of at least \$500,000 in FY18 and FY19, from either its GPR appropriation for operations and programs, or its SEG appropriation for economic development fund operations and programs. That funding was provided to implement a program substantially similar to the Act 55 program. Thus, this provision included in the 2019-21 budget bill would require WEDC to continue the grant program through the 2019-21 biennium.

**GOVERNOR's VETO:**

- **Veto the provision.** The Governor's veto does not prohibit WEDC from allocating monies for purposes of providing Fab Lab grants on its own volition.
