Release Notes for 4/30/2020 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEstaff: Add Qualifying Licenses for selected assignment to the Assignment Add/Edit page	Added a new "View License Requirements for Selected Assignment" section on the Edit Staff / Assignment Add/Edit page to show below the regular assignment details. This new section shows which licenses fulfill the requirements for the selected Assignment Position and Area. The section automatically refreshes when changing assignment position and/or area code. You can compare the assignment against the Licensing Information section to see if the person has the required license(s).
