Release Notes for 5/18/2015 WISEid Production Release (WISEid Core Apps Sprint 83)

Feature Title	Notes
STAFF: Hot Fix: Previous Years Assignments fix	Allows all last years assignments to pass through the upload validation and for those assignments not valid for this year they can be corrected by second level validation.
STAFF: Fixed Historical Assignment file for Milwaukee	Fixed Milwaukee's Historical Assignment download.
WISEid: Hot Fix Bug: Upload fails for duplicate LocalRowKeys on inactive people	Fixed issue where files were faulting because a merged WISEid still had a Local Person ID attached to it which upload was trying to apply to non-merged person.
WISEid: BUG: upload validation names max set to 50	Fixed issue where file were faulting because names were between 51 and 53 characters.
WISEid: Hotfix: Bug: Local Person ID upload not being applied in some cases	Fixed issue where for some rare cases Local Person IDs were not being applied during the Person Upload.
Staff: Hot Fix; Historical Contract Download Highest Degree missing from some districts	Fixed issue with some of the Historical Contract downloads were missing Highest Degree responses.
STAFF: Downloader of current year Contracts	Created a downloader for current year Contract data in Contract uploader format.
STAFF: Downloader of current year Assignments	Created a downloader for current year Assignment data in Assignment upload format.
WISEid: Fault stuck Person uploads	Added the ability for DPI immediately fault any stuck uploads.
Staff: validation correction - Contract Days Validation in the contract file.	Fixed issue where Contract Days

	errors were being incorrectly applied.
WISEid: Bug: Merge record error gives wrong person info	Issue here wrong WISEids were being displayed in Info message when a WISEid had been merged.
STAFF: BUG: 73-0000 assignment code only for certain schools in upload	Fixed message when 73-0000 is being used and school not Wisconsin School for Deaf or WI Ctr for Blind
STAFF: BUG Validation Local and Total Experience Errors when null in the upload and UI	When user uploaded null Local or Total Experience a validation error was displaying when it should not.
STAFF: BUG: Validation Download - Local Person ID being split every 3 characters by a comma.	Validate Staff Data Local Person ID showing commas every 3 digits.
STAFF: Validation ignore inactive WISEid records	Validation message(s) for inactive WISEid Assignment and Contract records showing up in validation.
STAFF: Merged WISEId Assignments and Contracts disappearing - show Merging to contracts and assignments	When Assignments or Contracts were attached to a person who was later merged none of the Contracts and Assignments got merged. Now the surviving WISEid person's Assignments and Contracts remain.
STAFF: Bug: Grade user message 5860 dynamic grades	Validation messages 5860 and 5870 displaying when not needed. Removed from Validate Staff Data.
STAFF: Bug: Assignment Upload - Error Local Person ID missing	Previous logic required a user to have Local Person ID in the Local ID field of the Assignment uploads. This was incorrect logic and has been removed.
WISEid: BUG: "Working School is not valid for reported Working LEA" message sometimes inaccurately displays	Fixed issue where Working School is not valid for reported Working Lead messages was incorrectly being displayed.
STAFF: Delete contracts on Staff Edit Page	Added button to delete Contract on the Staff Edit Page.

STAFF: Validation- Working School -00 CCDEB agencies	Added logic for Working School 0000 for CCDEBs.
STAFF: Validation- Working School - State Agencies (05)	Added logic for Working School for 0000 for State Agencies.
STAFF: Validation- Working School -03 public school districts.	Added logic for Working School for 0000 for Public Schools.
STAFF: Ability to delete all Local Person IDs for a Hiring Agency	Feature if you uploaded the wrong ID into the Local Person ID. Now you can delete all Local Person IDs. Under Admin menu > Settings.
STAFF: Hotfix: Bug Contract and Assignment Faults due to inactive WISEid	Contract and Assignments were faulting due to inactive merged WISEids.
STAFF: Validation Download - add more fields to make file useful to users	Revised Validate Staff Data UI and Downloads based on user feedback.
STAFF: Validation Download and UI - Local Person key showing for all agencies	Validate Staff Data showing all agencies Local Person ID. Now shows only the currently selected hiring agencies Local Person ID.
WISEid: Potential Matches Show Entity ID and Expand Details by Default	Added features to the Potential Match screen to speed up match review. Added Entity ID and expanded top 5 matches by default to show aliases without expanding.
WISEid: Bug - Privilege issue	Edit buttons on the Home Page have been removed for non-DPI Admins.
STAFF: Add the appropriate number in front of the assignment type	Assignment Staff Edit screen added the number code in front of Assignment Type.
STAFF: Move the Position in front of the Area of Assignment	Assignment Staff Edit screen moved the Position column before Area of Assignment.
STAFF: UI Assignments deleted responses to dynamic questions when no longer valid	In the Assignment UI screen when previous validation occurred the

	messages would not update when a user changed the Assignment in the UI. This validation messages now update to correct ones when saving.
Staff: Results - Commited Column for Assignment and contracts	On the Results screen the Committed count was not updating for Assignments and Contracts.
STAFF: Bug: Contract & Assignment Upload Error page breadcrumb	Fixed issue when looking at the Assignment and Contract upload error pages were the breadcrumb was not there as it should be.
WISEid: Hotfix Remove Debug features available to all users.	Debug features were available to all users. Now locked down to DPI roles.
STAFF: Assignment Upload Fault birthdate total experience calculation	Assignments uploads were faulting in some cases when a person's birthdate was less than 1 year old.
STAFF - Bug - Error 4600 shows up when not required	Removed incorrect display of Error 460 Missing required data: assignment grades.
STAFF - BUG - Error 4420 appears for assgs for Staff > 18 years	Removed incorrect display of message 4420 which indicated person was less than 18 when they were not.
STAFF Validate Staff Data - Assignment information for some people is not correct.	Messages are correct about a problem, but UI and Download for Validate Staff Data is wrong about the assignment info.
