Release Notes for 6/1/2015 WISEid Production Release (WISEid Core Apps Sprint 86)

Feature Title	Notes
STAFF: move Download Current Year Contracts & Assignments higher	Moved these button higher on the Manage Staff Data page to avoid confusion with delete staff data buttons.
WISEid: Move User Privileges to main Admin Menu	User Privilege page shows what access you have to the system. Helps with troubleshooting right issues.
WISEid: Add Last Name and First Name to Results - Assignment Download	Added to the download to allow simpler data analysis. Will be ignored if you leave in for Assignment Upload.
STAFF: Total FTE across districts message add LEA'S	Total FTE of all assignments exceeds limit of 150%. <If more than one hiring agency has FTE for person and total exceeds 150 then add this> Hiring agencies that have FTE for person are: <list districts>. Please contact these Hiring Agencie(s) to verify FTE is accurate.
STAFF: Historical Assignment add first and last names	Added to the download to allow simpler data analysis. Will be ignored if you leave in for Assignment Upload.
STAFF: Contract is salary Final question UI deselection	Is the Salary Final For this School Term? now a drop down to all not be selected.
STAFF: Validate Staff Data - Clear Non-Required Data	Deployed button and now clears invalid contract and assignment data now.
STAFF: Audit Snapshot submission report	Moved Agency Ready for Audit Review button to new page under Reports/Validations > Audit Snapshot. Also, allows download of snapshots for the end user.
STAFF: Hotfix IE refresh validation caching	Some Internet Explorer users could not get the Validate Staff Data to

	refresh.
STAFF: Hotifix; message 4310 displayed when no assignments.	"Local Experience must be a numeric value between .5 and 99.5." was displaying when there were no assignments when it shouldn't.
STAFF: Hotfix: Audit snapshot not completing for when it should if Validations message are correct.	Change audit snapshot button so it ignores all info messages. Some info messages were upload related and are moving back to Upload Results Downloads.
STAFF: Hotfix Edit message 6304 to ignore null upload Entity ID	If you upload a null Entity ID user message 6304 should not display.
STAFF: Hotfix Assignment Results download not working some districts	Assignment Results Download not working for some districts.
STAFF: HotFix Contract Upload Fault Referential integrity constraint violation	Fixed a source of Contract Upload Faults.
STAFF: HotFix Contract Upload Fault- Object reference not set to an instance of an object	Fixed a source of Contract Upload Faults.
STAFF: Hotfix Assignment Fault Lake Geneva Joint 1	Fixed a source of Assignment Upload Faults
STAFF: Hotfix: Assignment file upload faulting because of leap year issue	Fixed a source of Assignment Upload Faults
STAFF: Hotfix Bug: Contract Days Validation	6323 (Contract days must be a number between 1 and 365.) message was displaying even when user has a valid number of days.it is because contract in more than one agency and if validation fails in other agency then message gets displayed in both the agencies.
STAFF: Hotfix Bug Contract Download Total Experience secondary validation	Fixed a source of Contract Upload Faults.
WISEid: Bug: Privilege problems	Fixed many privilege issues system wide.

STAFF: Number of Classes default to 1 for message 6301	During Clear Non-required Data change number of classes to 1 when 0 or null and message 6301 is generated (position 53 and area 0050)
STAFF: Bug user message wrong type and change message.	User message 5800 should be an Info message not an Error. Updated message for 6337.
STAFF: BUG: Assignment Results Download TransactionDate not updating	Fixed transaction date to be correct.
WISEid: BUG - Validate Staff Page counters	Message type counters on the Validate Staff Data page were not always accurate.
STAFF: Bug - DPI Licensed Staff reqd error (Error 4034) also showing up for Entity ID populated persons	Error 4034 "Person has assignment(s) requiring a license but has no ELO Entity ID" showing up for some people who already had Entity IDs.
STAFF: BUG - Errors missing from Validate Staff Page but appear on UI	Some errors not showing up as they should.
STAFF: Deadlock Issues causing Validation timeouts	Causing many system problems and slowness.
