

Release Notes for 10/12/2021  
WISEid/WISEstaff  
Production Release

Feature Title	Notes
<b>WISEid:</b> Filter for Notification New Change Request Comments	Changed New Change Request Comments Notification so when you click on a link it will take you to the Change Request page with Change Requests both for those that your agency is the Requesting Agency OR Dependent Agency. On screen in filters it will show both fields being set for their agency, but in backend we will do a query for Requesting Agency OR Dependent Agency.
<b>WISEid:</b> Hotfix Parent guardian job creating duplicates	Fixed the issue where duplicate parent guardians per WISEid were being created by way of the nightly WISEdata to WISEid job for students. Removed all duplicates as well.
<b>WISEid:</b> Remove name suffix change requests	Removed the creation of the last name suffix change request to match what we already do for last names.
