

Release Notes for 10/28/2021
WISEid/WISEstaff
Production Release

Feature Title	Notes
WISEstaff: Add Data Quality Flag step to Checklist	On the Staff Collection Checklist, we converted step 3c from Review Data Quality Reports to Verify Data Quality, we added a DQ Dashboard task and added clickable links for items under 3c to their respective pages.
WISEstaff: Add messaging for help finding missing Entity IDs	Added an info link to provide help finding Entity IDs when there are licensed staff missing Entity IDs. Link is near the Missing Entity ID widget on the DQ Dashboard.
WISEstaff: Link validation codes to KBA articles	Added links from Edit Staff and Validate Staff Data pages' error/warning/info message codes to KBA articles, when available. Some codes don't have KBAs but they will be added in the future.
WISEstaff: Remove duplicate rows from Assignment FTE Sum detailed report	The DQ Dashboard's Assignment FTE Sum detailed report has been enhanced to have one row per person per assignment with applicable FTE for each row.

<p>WISEstaff: Update verbiage for validation warning 5900</p>	<p>Added clarification to warning 5900 for assignment 53-9002 (University/College Faculty Teacher) to now read “This staff person MAY need to complete a Faculty Background Check application with the Department of Public Instruction (DPI). Please check on License Look up using a known entity number or name to see if this individual is in the ELO system and if there is a ‘LAST SUBMITTED BACKGROUND CHECK’ DATE within the last 5 years. If this staff person is not in the system or the last background check date is older than 5 years, please have the educator contact DPI Educator Licensing using this contact form with a message of, 'I need help completing a College Faculty Background check Inquiry (Request Background Check—Faculty (9959)).”</p>
<p>WISEstaff: Performance Improvement for Validate Position And Assignment Areas process</p>	<p>Increased performance of validations for assignment position and areas.</p>
