98 private schools register for Wisconsin Parental Choice Program

MADISON — The Department of Public Instruction received registrations from 98 private nonsectarian and religious schools and school systems by the Feb. 2 deadline to accept students for the 2015-16 school year through the Wisconsin Parental Choice Program (WPCP).

Schools registering for the statewide choice program include the 31 continuing from the 2014-15 school year, and 36 new private schools applying to participate. An additional 31 schools registering for the statewide voucher program already participated in the Milwaukee Parental Choice Program (MPCP) or the Racine Parental Choice Program (RPCP) during the 2014-15 school year.

The WPCP allows new students whose family income is at or below 185 percent of the federal poverty level and who reside outside of the Milwaukee and Racine Unified school districts to use a taxpayer-funded voucher to attend participating private or religious schools. Eligible students in grades kindergarten through eight may attend the private school with no charge for tuition. Eligible students continuing in grades nine through 12 may be charged tuition if their family income exceeds 220 percent of the federal poverty level. The private school, on behalf of each student's parent or guardian, under current law, receives a state aid payment for each eligible choice student.

Parents who wish to enroll their children in a private or religious school participating in the statewide voucher program for the 2015-16 school year must complete the online application between Feb. 2 and April 20 on the following web site: <https://apps4.dpi.wi.gov/ChoiceParent>. After completing the online application, parents must provide residency and income documentation to the school(s) they apply to before the close of the application period at 4 p.m. on April 20.

For the 2015-16 school year, the program is limited by current state law to 1,000 FTE (full-time equivalent) pupils statewide. The 31 continuing schools that participated in the WPCP in the 2014-15 school year are required to be allocated the same number of pupil slots in the 2015-16 school year. If more than 1,000 students apply to participate in the program, only the 25 schools with the most applicants are eligible to receive any of the remaining slots. Procedures that include a random selection process will be used to accept students to the program.

(more)

A list of schools that plan to participate in the WPCP for the 2015-16 school year, including the schools' open application period or periods follows. Schools marked with an asterisk (*) will be new to the WPCP in fall 2015. Schools new to the program for fall must, by Aug. 1, submit a certificate of occupancy and must obtain pre-accreditation.

The Wisconsin Legislature is currently considering the 2015-17 budget, which may make changes to Private School Choice Programs. Any changes for the 2015-16 school year will be implemented with the effective date of the new laws.
