

The student listed below is applying to join one of the Department of Public Instruction's Wisconsin Educational Opportunity Programs (WEOP). We seek recommendations from a teacher and a school counselor or coach at the school the student attends to ensure that we are admitting the best students into our program.

The Department of Public Instruction's Early Identification Program (EIP), Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP), Upward Bound (UB), and Talent Search Programs are pre-college programs for low-income and first generation students. Everything we do is at no cost to the student's family. The objective of these programs is to provide students with enrichment opportunities, engagement workshops/presentations, field trips, career and educational guidance. Students enrolled in these programs need to have skills appropriate for a college-bound student. The questions on this recommendation will help us assess the student's willingness and ability to attend all services offered as well as to learn more about their academic ability. We appreciate your honest and candid answers to all questions, and all information on this form will be held in confidence.

Email or mail this recommendation form to the DPI-WEOP location nearest you. If you have any questions, contact our office using the contact information listed on page 2.
