**\*The above chart displays a simplified visual of the alignment between the two frameworks. However, it should be noted that elements of some WI School Mental Health Framework components show up in multiple domains of the SHAPE Quality Assessment. For example, elements of WI's Mental Health Referral Pathways component are present in the Screening, Collaboration, Mental Health Promotion Services & Supports, and Early Intervention and Treatment Services & Supports in the SMHQA. Districts and schools that focus on improving in any domain of the SHAPE SMHQA are working towards implementing WI's School Mental Health Framework.**
