Division for Academic Excellence
Subject: Robotics Grants Now Available

We are pleased to announce the continued funding of robotics league participation grants pursuant to [Wis. Stat. §115.45](#) which authorizes the Department of Public Instruction (DPI) to make grant awards of up to \$5,000 to each eligible team for the 2022-23 school year. The grants require a one-to-one match for funding requested up to \$5,000. The grants must be used to facilitate participation in robotics league competitions and only for allowable expenses. Application materials, which are due October 21, 2022, can be found along with additional information on the DPI [Robotics League Participation Grants](#) webpage.
