**General Information**

LEA Name: Hurley School District  
Address: 5503 W Range View Dr Hurley WI 54534  
Superintendent/District Administrator: Kevin Genisot  
Grades Served: K4 - 12  
Number of Schools: 2  
LEA Website: www.hurley.k12.wi.us

**Student Demographics**  
Data Source: 2020-21 WISEdash  
Total Student Enrollment: 533

**Funding**

ESSER III Allocation: $1,010,303.00  
Amount Budgeted for Evidence-based Improvement Strategies: $367,682.00  
Amount Budgeted for all other ESSER Activities: $0.00  
Total Amount Budgeted in Approved Application: $367,682.00  
Remaining Amount to Budget: $642,621.00

**Plan for ESSER III**

a) How will the funds be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidelines on reopening schools, in order to continuously and safely open and operate schools for in person learning?

b) How will the LEA use their required 20% to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive after school programs, or extended school year programs?

</thead>
</table>

C) How will the LEA spend its remaining ARP ESSER funds consistent with allowed activities defined in the ARP Act?
d) How will the LEA ensure that the interventions it implements, including but not limited to the interventions under the 20% reservation of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English Learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students?

**Educator Practices**
LEA does not review educator practices monitoring evidence/data sources used to document implementation (e.g., evidence from walkthroughs and observations, coaching cycles, data collected as part of the EE process, evidence of application of professional learning).

**Student Outcomes**
LEA does not review evidence of student outcomes (e.g., benchmark reading assessment, formative assessments, common summative assessments based on standards, attendance, behavior, course-enrollment and on-track for graduation).

Since the LEA identified the following:

- LEA does not review educator practices monitoring evidence/data sources used to document implementation (e.g., evidence from walkthroughs and observations, coaching cycles, data collected as part of the EE process, evidence of application of professional learning).
- LEA does not review student outcome monitoring evidence/data sources used to document implementation (e.g., benchmark reading assessment, common summative assessments based on standards, attendance, behavior, course-enrollment and on-track for graduation).

Please describe how the LEA will ensure the interventions it implements, including but not limited to the interventions under the 20% reservation of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English Learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students:

The Hurley School District title one support staff use STAR data, as well as benchmarks from classroom grades, and a variety of other instructional assessments to continually monitor the academic growth of each individual student. These students are then discussed in regard to needing additional support or progressing as expected or perhaps place on an on-watch group. Also, students who meet our criteria list of being considered being identified as an at-risk group are continually monitored. We have weekly meetings discussing all students in general as well as those specifically identified in a particular sub-group. A specific and unique plan for each identified student is then developed.

---

**Stakeholder Engagement for Plan Development**

LEAs must provide opportunities for stakeholders to meaningfully and substantively contribute to their ESSER III Plan. Consultation must occur prior to submitting a plan in WISEgrants. All LEAs must consult with the following groups:

- Students
- Families
- School and district administrators (including pupil services/special education administrators)
- Teachers, principals, school leaders, other educators, school staff, and their unions

To the extent present in or served by the LEA, LEAs must also consult with the following groups:

- American Indian Nations
  - Wisconsin Tribal Head Officials
  - Wisconsin Tribal Education Directors
- Civil rights organizations (including disability rights organizations)
- Stakeholders representing the interests of
  - Children with disabilities,
Describe your LEA’s level of engaging stakeholders:

LEA engaged stakeholders in part, but not all, of the planning process.
Example: Stakeholders were given opportunities to influence the plan development, but were not involved in identifying the needs.

Safe Return to In-Person Instruction and Continuity of Services Plan

The United States Department of Education (USDE) requires all LEAs to post their Safe Return to In-Person Instruction and Continuity of Services Plan to their website and identify the extent to which they have adopted Centers for Disease Control and Prevention (CDC) recommendations for the safe return to schools. The extent to which LEAs adopted the CDC recommendations did not impact the amount of ESSER funds it received.

Hurley Sch Dist has their Safe Return to In-Person Instruction and Continuity of Services Plan posted to this website: https://wi02211410.schoolwires.net/cms/lib/WI02211410/Centricity/Domain/155/1-19-22_Covid-19_Policy.pdf

On 3/14/2022, Hurley Sch Dist stated they took the following steps to ensure continuity of services, including but not limited to services to address students’ academic needs and students’ and staff social, emotional, mental health, and other needs, which may include student health and food services.

WDPI strongly encourages LEAs to follow the CDC and the Wisconsin Department of Health Services (DHS) recommendations. The following resources will help LEAs prepare for, prevent, and respond to COVID-19 so that students, staff, and families can safely return to in-person instruction:

- CDC Guidance for COVID-19 Prevention in K-12 Schools and ECE Programs
- Guidelines for the Prevention, Investigation, and Control of COVID-19 Outbreaks in K-12 Schools

Continuity of Services

Describe how the LEA will ensure continuity of services, including but not limited to services to address students’ academic needs and students’ and staff social, emotional, mental health, and other needs, which may include student health and food services.

Check all that apply (the LEA is required to select at least one):

☐ LEA has created a plan for continuity of learning that includes a plan for providing remote learning if disruptions to in-person instruction should occur.

☐ LEA has created a plan for continuity of learning that includes services for specific student groups (e.g. ELs, students with IEPs, gifted and talented, students experiencing homelessness) if disruptions to in-person instruction should occur.

☐ LEA has created a plan for providing nutritional services, student health services, and other student support services if disruptions to in-person instruction should occur.

☐ LEA will implement evidence-based programs and practices that address student social and emotional wellness during the school day and in out-of-school time programs (e.g., summer, before and after school programs).

☐ LEA will implement evidence-based programs and practices that address staff social and emotional wellness.

☐ LEA will implement an equitable multi-level system of support (with a focus on core instruction for each student, with intensified services based on student need) to address students’ academic and social emotional needs.
|☐| LEA plan for continuity of services was influenced by stakeholder feedback.  
|☐| Other, please describe:
