

## Websites for ACCESS for ELLs Administration

There are two websites that district and school staff will need access to:

### **WIDA website**

- <https://www.wida.us/index.aspx>
- W-APT screener and training materials
- ACCESS for ELLs training materials
- professional development materials
- ELD standards
- other WIDA products and services

### **WIDA Assessment Management System (AMS)**

- <https://www.wida-ams.us/default.aspx>
- all ACCESS for ELLs test administration duties
- user guides
- software downloads
- order paper materials
- add students to test sessions
- designate accommodations
- create test sessions
- print test tickets
- monitor student progress
- view/print reports

District Assessment Coordinators (DACs) should have access to both websites, and should be able to create and modify permissions for other staff in their district involved in ACCESS for ELLs testing.

If you are a DAC and do not have access, ensure you are listed as a DAC on the DPI website (link below) and contact [help@wida.us](mailto:help@wida.us) for access to the WIDA website, and [WIDA@datarecognitioncorp.com](mailto:WIDA@datarecognitioncorp.com) for access to the WIDA AMS.

If you are not a DAC and do not have access, please contact your DAC. A list of DACs can be found here: <http://dpi.wi.gov/assessment/dac/update> (download the DAC contact list)
