Subject: [actdac] WI Statewide ACT Assessment Update - April 9, 2020

Dear educators,

Thank you to everyone for all your work with last month's administration of the ACT. For schools that had students who were unable to test on the March test dates, DPI and ACT have two new options available. See below for details about these testing options and about other ACT information.

ACT with writing

Vouchers for June and July National Testing Dates

ACT will be shipping free testing vouchers to DACs in the next couple of weeks. These vouchers will allow 11th grade students who were unable to test on March 3 or March 17 the opportunity to test on one of the national testing dates in June or July. DACs should immediately notify students who were unable to test in March of the availability of these vouchers and instruct these students to wait until the vouchers arrive before attempting to register for the national testing dates. When the vouchers arrive, DACs should offer these vouchers to the impacted students and assist these students with registering for the June or July national ACT test dates.

Additional information related to the vouchers:

- Vouchers are only to be provided to 11th grade students who were not able to test on March 3 or March 17.
- These vouchers provide students with the opportunity to test. **There is no requirement that students test on these dates.**
- Students that test on June 2 (see below) are not eligible for a voucher.
- Students that tested on March 3 or March 17 are not eligible for a voucher.
- June 13, 2020 ACT Test Date
 - Student Registration Deadline - May 8, 2020
- July 18, 2020 ACT Test Date
 - Student Registration Deadline - June 19, 2020
- More detailed information will be provided when vouchers arrive in districts.

June 2nd Testing Date

ACT is offering an additional ACT test date for schools that would like the opportunity to test 11th grade students who were unable to test on the March 3 or March 17 test dates. This June 2nd test date would allow participating schools the opportunity to host a test site for the impacted students. This would be a "state" test date and only available to 11th grade students who did not test on March 3 or March 17.

Additional information related to this date:

- **Schools will only be allowed to offer this option if the emergency order from the Governor related to school closures is lifted.**
- Schools with impacted students are not required to offer this date to their students.
- Students are not required to test on this date. Participation is voluntary.

- Students that are provided with a voucher to test on the June or July national test date would not be eligible to test on June 2.

Score Report Schedule

5-8 weeks after testing, sent in batches

- Printed student report sent to student's home
- Printed student report sent to the school
- Student score labels sent to the school
- Checklist report sent to the school
- Scores sent to the colleges that the student selected during the non-test session

Score Report Resources
