Subject: WI Statewide ACT Assessment Update - June 11, 2020

Dear Educators,

On Monday, June 8 we notified you that ACT had extended the timeline for sites to register as July ACT National testing centers. Thank you to those of you who have reached out with your interest. In response to several requests for additional information, the Office of Student Assessment (OSA) has worked with ACT to develop the attached **National Testing Center Resource Guide**. This resource contains information on the roles and responsibilities of being a National testing center, updated contact information from ACT to register as a National testing center and ACT's Social Distancing Guidelines for test administration.

The student registration deadline for July is quickly approaching. OSA strongly encourages anyone who is interested in their site becoming a National testing center for July 18, 2020 to contact ACT immediately. The sooner test centers are available, the sooner students can register.

For additional questions on becoming a July test center, please contact ACT directly: testact@act.org or 800.553.6244 ext. 1510

Additional Voucher Testing Opportunities

OSA is currently working with ACT on voucher testing opportunities for the September and October National testing dates. ACT has indicated that **detailed information on fall testing, including the number of available testing centers and seats, will not be available until after the July 18 National testing administration.** OSA will continue to provide updates on this opportunity as they become available.

Thank you,

Office of Student Assessment

----- Thank you for your contributions to a successful testing experience for all students.
