Subject: WI ACT Statewide Assessment Update – November 11, 2024

Dear Educators,

Important: Due to a technical change in ACT's PearsonAccess^{next} system, districts are currently unable to select their testing mode (paper/online) during the Test Date Selection process. The Test Date Selection page has been temporarily disabled. ACT is working with DPI on a resolution and additional information will be communicated to districts soon.

Thank you for your patience as we work with ACT to resolve this issue.
