General

- File must contain a header row with the column titles (see example). If a header isn't used, the first student will be removed from the file.
- File must contain the data in the order listed in the file layout.
- Fields cannot be longer than the value in the Maximum Length column.
- Fields cannot contain commas.
- File must be in comma separated (.csv) format.
- To save Excel file as type .csv:
 - Save file updates/changes within Excel.
 - Open file in Excel, if file not already open.
 - On the Windows menu bar, click File, then Save As...
 - The Save As dialog box will appear. The line at the bottom of this box reads Save as type:
 - Click on the down arrow to the right of this line to open a drop down menu.
 - Scroll down the menu until CSV (Comma delimited) is visible.
 - Click on CSV (Comma delimited) [*.csv] to select for the Save as type:
 - Click on Save on the right.
