Subject: WI Statewide Assessment Update - August 2, 2022

Dear Educators,

Please see the information below regarding the availability of 2021-22 statewide assessment data.

2022 Statewide Assessment Data

The 2021-22 Forward, Aspire, ACT Statewide (11th Grade), ACCESS for ELLs, and DLM assessment data are available in [WISEdash for Districts](#). The most recent information on dashboards can be found on the [About the Data](#) webpage.

Please be aware that DPI plans to publicly release the statewide assessment results by mid-October and will notify districts when results may be shared publicly. Until then, the public release of the assessment results is not permissible (this includes school boards). Districts may use the data for professional development and curriculum/instructional planning. ***The data in the WISEdash secure portal contain personally identifiable student information and must not be released publicly.*** More information about maintaining student data privacy is available on the [Student Data Privacy webpage](#).

Please contact the [Help Desk](#) with any questions.

Thank you for your contributions to a successful testing experience for all students!
