

# Kim Ehlert

Business, Marketing, and Information Technology  
State Superintendent Advisory Council

Dean of the School of Business at Waukesha County  
Technical College (WCTC)

“Regardless of industry, no organization can exist without the support of essential business, marketing and information technology services.

Educating the workforce to prepare individuals with the skills necessary to not only thrive in today’s challenging economy, but also transform and innovate is critical to the future of our world and labor force.”
