Subject: Update of the Special Milk Program (SMP) Reimbursement Rate per Half Pint of Milk 2020/2021

The United States Department of Agriculture (USDA) has adjusted the reimbursement rate for the Special Milk Program to \$0.2025 per half pint. The annual rate adjustment for the Special Milk Program reflects changes in the Producer Price Index for Fluid Milk Products. **The new reimbursement rate of \$0.2025 per half pint was effective July 1, 2020, and will therefore be applied to your July 2020 reimbursement claim.**

Please refer to the memo that provides details of the adjusted Special Milk Program Reimbursement Rate per Half Pint of Milk
