Announcements from the Special Milk Program (SMP)

Annual Civil Rights Training Reminder

Civil Rights Training

All Special Milk Program participating agencies **must provide annual civil rights training** to all staff members who interact with program applicants or participants and those persons who supervise these staff.

To assure that all the USDA Civil Rights required subject matter is covered, agencies should use DPI's *Civil Rights Training* to complete the required civil rights training. Records indicating agency staff who received civil rights training, civil rights topics covered, and date(s) civil rights training was completed must be retained on file. Agencies may utilize the *Civil Rights Training Attendance Sheet* to document its annual civil rights training with all staff.

News Media Release

All SMP Sponsors must complete and submit the [News Media Release](#) annually to a local news media outlet. Documentation of when and where the [News Media Release](#) was submitted should be kept on file.

And Justice For All Posters

It is a requirement of the Special Milk Program to prominently display the 11" X 17" size nondiscrimination poster "...[And Justice For All](#)", provided by DPI. Sponsoring organizations (agencies with more than one site participating on the Special Milk Program) must prominently display the

poster in its administrative office as well as at all of its sites participating on the Special Milk Program.

In May 2022, USDA updated the And Justice for All poster with the updated nondiscrimination statement. DPI has ordered the new posters and once they are received, the DPI will distribute them to our participating agencies. Continue to post the 2019 posters or [print this 2022 poster](#) to use until the new posters arrive.

Race and Ethnicity Data

The [Race and Ethnicity Data Form](#) must be completed annually and kept on file with the agency records. All camps must complete the [Race and Ethnicity Data Form](#) for each session.
