Amounts Required: Total minimum amount of food required to be served, based on meal pattern serving size requirements and number of participants in each age group. May use the [Meal Requirements Calculator](#) to determine amounts.

Amounts to be Prepared: Total amount of each food item that will actually be prepared in order to provide the minimum amount of each food as indicated in *Amounts Required* Column. May use the [Food Buying Guide Calculator](#) to determine amounts. When recording amounts include pack size units, i.e. can size, pounds, ounces, and gallons.

¹ Whole milk must be served to children age 1. ² 1% or skim milk must be served to children age 2 and older.

³ Check box if using a CN labeled product. ⁴ M/MA may be served in place of the entire grain a maximum of 3 times/week.
