Completing the Race and Ethnicity Data Form

Each agency must complete this form annually. Sponsors must complete this form for **each** site.

Families must voluntarily self-identify or self-report their participant's race and ethnicity. Race and ethnicity data can be collected from records or other documentation your agency possesses that identifies participant race and ethnicity, such as an agency-specific enrollment form, the Household Size Income Statement (found under GM 1), via survey, or any other means at any point in time.

The sponsor must retain race and ethnicity data for 3 years and must safeguard this information to prevent its use for discriminatory purposes. Access to Program records containing race and ethnicity data should be limited to authorized personnel.

How to complete the form:

1. Ethnicity

Of all enrolled participants, record the total number of participants for each ethnicity first. Every enrolled participant should be included **in one of the two** ethnicities.

Example: *57 participants enrolled*

Hispanic or Latino	7
Not Hispanic or Latino	50
Total	57

2. Race

Of all enrolled participants, record the total number of participants for each race. **A participant may be included in one or more races.** The total sum of participants recorded in the race groups should equal or exceed the total sum of participants recorded in the ethnicity groups.

Example: *57 participants enrolled*

American Indian or Alaskan Native	7
Asian	5
Black or African American	21
Native Hawaiian or Other Pacific Islander	0
White	26
Total	59

The race groups should total 57 or more enrolled participants.
