*Breast milk and formula are 1 component. If breast milk is served, mark who supplies formula if used to supplement.

** Baby foods and/or table foods in the appropriate texture

2. Complete Meal Count Chart
   - RECORD a MEAL/SNACK WHEN program supplies all components or all but one component (parent/guardian may supply one component)
   - Put an ‘X’ or ✔️ in the Meal Count Chart for that meal/snack at the time the meal/snack is served or immediately after
     - Meals/snacks that contain only breast milk and/or formula can be marked regardless of who supplies the item (program or parent)
     - When an infant is eating two or more components, the program must supply all components or all but one component in order to record the meal/snack in the chart. This applies to all ages, including an infant who starts solid foods before 6 months
   - DO NOT RECORD a MEAL OR SNACK WHEN the parent/guardian supplies two or more components
   - DO NOT put an ‘X’ or ✔️ in the Meal Count Chart
     - Ex: Program supplies infant cereal, parent supplies formula and fruit
     - Ex: Parent supplies formula and all foods

3. Total Infant Meals: At the end of the month, total each column and include numbers with total meal counts submitted on the monthly claim. Keep this form on file to support the monthly claim

Requirement: Programs must offer to supply at least one type of iron-fortified infant formula and all foods to each enrolled infant. Parents/guardians cannot be required to provide infant formula or foods.
