Subject: Free Webinar: Let's Move! Child Care Training Opportunities and Resources for CACFP Agencies

CACFP WEBINAR

Tuesday, March 18th
12:00-1:00 pm CST

Let's Move! Child Care Training Opportunities and Resources for CACFP Agencies Webinar

This webinar will highlight the free online Let's Move! Child Care (LMCC) training modules created through a partnership between Penn State University and the Centers for Disease Control and Prevention.

The six training modules provide practical strategies for implementing best practices in the early care and education (ECE) setting for promoting healthy weight in young children and are an opportunity for ECE providers to obtain CEUs from Penn State and professional development credits from many states' licensing and/or quality improvement systems.

The training series includes six lessons that cover background information for childhood obesity prevention and the five best practice goals: increase physical activity, limit screen time, offer healthy beverages, serve

healthy food, and support infant feeding.

The webinar will also highlight LMCC and USDA's Team Nutrition resources for CACFP participants.

Participation Notes:

This session will be available via Microsoft Office LiveMeeting (Webinar) and you will need access to a telephone line and a computer with internet access for this webinar. We request that you participate as a group whenever necessary. Certificates of completion will be awarded for those who participate in the majority of the webinar (50 minutes or more). In order to receive a certificate, you must register for the webinar and log-on (using the same name and email address as you use to register) to the webinar for 50+ minutes. Space is limited for this webinar.

If you have never participated in a Microsoft Office LiveMeeting webinar before, we strongly advise that you log into the website below about 2 hours in advance to download the LiveMeeting client software. This will prevent any connectivity issues prior to the actual webinar.

We suggest that you dial in up to 15 min early to ensure you gain access to the call.

The audio portion of the web training will be provided through the following phone line:

Attendee Phone Number: (800) 230-1092

The video portion of the web training will be provided online as follows:
