

Welcome!

These meals are provided for children, age 18 and under through the USDA Child Nutrition Programs. Children do not need to be present to pick up meals.

For accountability, please share the school name where each eligible child attends, if they are school age.

Duplicate meals are not allowed. If your child receives USDA Child Nutrition Program meals while attending school or daycare, your child is not eligible for additional meals. Families who utilize meal pick up should only pick up meals from one location.

Thank you!

This institution is an equal opportunity provider.
