# Monitoring Options for School Food Authorities Participating in Multiple Child Nutrition Programs

Child Nutrition Programs

This handout outlines the options for School Food Authorities (SFAs) who monitor the same sites for more than one Child Nutrition Program (National School Lunch Program (NSLP), School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP) At-Risk Afterschool Meals component, and the Summer Food Service Program (SFSP).

## **Sponsor Monitoring Requirements**

Sponsors are defined as having full administrative responsibility for two or more sites or facilities participating in the Child Nutrition Programs. Monitoring forms are site and program specific (i.e. CACFP, NSLP, SBP, and SFSP). Sponsors must ensure that the following minimum monitoring requirements are met:

<b>Child Nutrition Program</b>	Monitoring Requirements	Monitor Form to use
Child and Adult Care Food	Monitor each site three times per year;	CACFP Site Review Form:
Program	At least two of the monitoring visits must be	https://dpi.wi.gov/sites/default/files

### **Child Nutrition Program Monitoring Requirements**

SFAs must monitor their CACFP At-Risk sites at a minimum three times each year at each site. SFAs may choose to use the following streamlined monitoring options when participating in multiple Child Nutrition Programs.

#### Monitoring visits if participating in CACFP, NSLP, and SFSP:

**1**<sup>st</sup> **Monitoring visit:** CACFP At-Risk monitoring visit, unannounced with meal service observed, using the CACFP At-Risk Site Review monitoring form.

**2<sup>nd</sup> Monitoring visit:** CACFP At-Risk monitoring visit at the same time as the NSLP On-Site Monitoring visit; no observation of CACFP meal service. SFA is required to complete both the NSLP On-Site Monitoring form and the CACFP At-Risk Site Review monitoring form.

3<sup>rd</sup> Monitoring visit: SFSP monitoring visit. Completion of SFSP form only.

### Monitoring visits if participating in CACFP and NSLP only (no SFSP):

1<sup>st</sup> Monitoring visit: CACFP At-Risk monitoring visit, unannounced with meal service observed, using the CACFP At-Risk Site Review monitoring form.

**2**<sup>nd</sup> **Monitoring visit:** CACFP At-Risk monitoring visit at the same time as the NSLP On-Site Monitoring visit; no observation of CACFP meal service. SFA is required to complete both the NSLP On-Site Monitoring form and the CACFP At-Risk Site Review monitoring form.

**3<sup>rd</sup> Monitoring visit:** CACFP At-Risk monitoring visit, unannounced with or without the meal service observed, using the CACFP At-Risk Site Review monitoring form.

Plan your monitoring dates accordingly by using our Site Review Tracking form: Click here for the form: <a href="https://dpi.wi.gov/sites/default/files/imce/community-nutrition/pdf/gm">https://dpi.wi.gov/sites/default/files/imce/community-nutrition/pdf/gm</a> 5c monitoring tracking form ccc.pdf

If problems are noted during any of these monitoring visits, documentation must show what corrective action was taken and documentation of a follow -up visit should be noted.

Questions about monitoring should be directed to your assigned Nutrition Program Consultant.
