

CACFP Eligibility Assessment

You selected,

"I operate two or more sites"

An entity with two or more sites must join the CACFP as a sponsoring organization and be entirely responsible for overseeing the administration and operation of the food program at those sites.

You can only sponsor sites that are part of your legal entity (affiliated).

Sites not part of the same legal entity are unaffiliated and must participate on the CACFP as separate entities.

(If you are interested in sponsoring unaffiliated sites contact your [county consultant](#))
