

- **What Surrounds Us... Shapes Us!!!**
- **When I Move, I Learn... promote active early!!**

We all want young children to develop healthy habits, and we know that these habits begin at home in the early childhood setting. When children see their caregivers as healthy role models and take an active role in caring for their bodies, make appropriate food choices, and participate in physical activity they feel a sense of pride and accomplishment in their independence and develop a sound foundation for healthy growth in all other areas of development. Research shows that physical activity is a daily routine for children to promote wellness and prevent obesity in the future.

In YoungStar, for providers whose program provides at least sixty minutes of physical activity a day, there are optional points available.

(Documented in lesson plans and verified by Formal Rating Observer).

- Basic daily schedule exists that is familiar to the children and the schedule provides balance of structure and flexibility.
- The program will provide:
