

Emergency Assistance for Non-Public Schools (EANS) Program Update #17

August 5, 2022

Greetings Wisconsin EANS Program Participants and Interested Parties,

We hope you're having a good summer as we collectively approach the start of another school year. We have a few updates for you:

1. ARP EANS webinar – Hopefully most of our ARP EANS contacts already received the notice of a new CESA 6 webinar for ARP EANS. A general program update is scheduled for Thursday, August 11, 2022 at 11:00 am. This is being offered predominately for new private school staff who may not be familiar with ARP EANS, but anyone is welcome to attend. Please register here: [REGISTER](#)
2. DPI and CESA 6 staff would like to remind all EANS schools to please submit your Purchase Orders in a timely manner to CESA 6.
3. The CRRSA EANS statewide pool successfully resulted in the expenditure and/or encumbrance of ALL remaining CRRSA EANS funds! That means Wisconsin has spent the \$77,104,541 that was available to eligible private schools. This is great news and we believe WI is the only state to accomplish this outcome to-date.
4. For ARP EANS, steady progress continues as well. As of this week private schools have spent or encumbered \$24.8 million, or about 34% of the available ARP funds. Combined with the CRRSA funds, over **\$100 million** EANS funds have been spent or encumbered by WI private schools since May 2021.
5. Given the above numbers, DPI EANS staff would like to give a big shout out to the CESA 6 EANS staff who have facilitated all these payments, services and assistance to over 430 private schools. Thanks much to Jason, Todd and their team!

We wish you a successful and healthy start to the 22-23 school year!

Sincerely,

DPI EANS staff
