RE: Data Errata

To Whom It May Concern,

Upon review of our district's economically disadvantaged data for AGR, we discovered that the information from our SIS was not pulled correctly for the 2023-2024 Third Friday of September (TFS) snapshot on December 6, 2023. Our accurate Economically Disadvantaged percentage for grades 4K-12 in the Albany School District is 32.47%.

We are seeking an answer from our SIS representative to remedy the issue.

Sincerely,

Kurt Soderberg
Superintendent
Albany School District
