Excellence and Equity in Education

Dear Ms. Jones,

The Deerfield School District 1309 2014-2015 and 2015-2016 habitual truancy data reported to the State of Wisconsin is incorrect. Upon review of our WINNS information and School Performance Data, it was noted that more students were considered truant than actually were truant. Sensing a computational error, we investigated our Student Management System setup from previous years and discovered that we were reporting a combination of excused and unexcused absences.

The intent of this letter is to ask for a WINNS correction to the Habitual Truancy Data and subsequent correction on the School Performance Reports for 2015 and 2016. Please accept the following corrections to the numbers and attached documentation.

If there are any questions or concerns, please contact me at 608-764-5431 x 1145.

Sincerely,

Michelle Jensen
