To Whom It May Concern:

We were recently notified by DPI that our student attendance rate had significantly decreased during the 2022-2023 school year compared to the previous school years. Upon investigation, we found that our Student Information System had not been fully programmed to accurately collect attendance data. Those errors have now been corrected and resynced.

Please do not hesitate to contact me if you have any questions or further concerns.

Sincerely,

A handwritten signature in black ink that reads "Lynn Davies". The signature is fluid and cursive.

Lynn Davies  
Superintendent  
Geneva Joint # 4 School District
