RE: Attendance Data Errata

Dear Ms. Jones,

Isthmus Montessori Academy Public is submitting this errata letter in order to correct attendance for the 2018-2019 and 2019-2020 school years. Our attendance data was reported at 100%, and this data is being amended. There was an error in communication between our student tracking system and our Student Information System, and the attendance data was entered incorrectly into our Student Information System.

Correct data would include an attendance rate of 93.5% for the 2018-2019 school year, and 97.9% for the 2019-2020 school year. This change has been noted in our student tracking system and our Student Information System. We have encouraged our current student tracking system, Transparent Classroom, to apply for Ed-Fi certification to become an official Student Information System vendor. Our district is also exploring other Student Information Systems that may be more compatible with our individual reporting system. Our administrative leadership team is also participating in ongoing training related to WISEdata and the Student Information System.

If you have any questions or require additional action to resolve this issue, please contact Nora Rader-Grubb - Director of Admissions and Student Affairs, at [nora.rader@isthmusmontessoriacademy.org](mailto:nora.rader@isthmusmontessoriacademy.org) or call (608) 661-8200.

In Service to the Children,

**Kara Anderson**
