October 9, 2023

To Whom it May Concern:

It has come to our attention that the Economically Disadvantaged data for the December 6, 2022 snapshot was not submitted correctly. After looking into the problem, it was discovered that the Ed-Fi Configuration was not set up appropriately. The drop-down box in our SIS was left blank, therefore not pulling any student information. The directions for the settings have been shared with our SIS user and marked on our calendars to make sure it is properly set up prior to the upcoming December 6 snapshot. We have all been in contact with DPI to make sure the information is pulling correctly to this date.

Thank you for taking the time to review our request. Should you have further questions please reach out to me at 715-652-2117 or districtoffice@aubschools.com

Sincerely,

Casey Aschebrock
