RE: 2022-2023

This data errata letter to DPI is to explain why Beautiful Savior Lutheran School's snapshot reported 0 in regards to Economic Status.

Beautiful Savior Lutheran School uses Educate for our SIS. Upon successful completion of our upload in mid September, the Wise Portal indicated that there were no errors. We received a message from DPI that there were errors in our data. A reply was sent back to DPI and it was confirmed that there were no errors.

On February 6, 2023 we received an email from DPI in regards to the Economic Status Tags not being attached to our WPCP students. When the information was received, the tags were once again attached and re-uploaded to WISEdata. I received confirmation from a staff member at DPI that the challenge was indeed rectified. The tags that were applied during the same time as the upload to WISEdata did not attach. We have been in communication with Educate and they have ensured us that the tags are now indeed attached to each child in regards to their economic status.

Beautiful Savior intends to check with Educate prior to uploading to WISEdata next year to ensure the tags have been held onto each student's account.

If you have any questions or need additional information, please feel free to contact me at 262-542-6558 or [jwolff@bsl-school.org](mailto:jwolff@bsl-school.org). Thank you for your assistance in resolving this matter.

Sincerely,

Jennifer Wolff  
Principal & WPCP Administrator  
Beautiful Savior Lutheran School
