December 7, 2023

Dear Wisconsin Department of Public Instruction:

We were recently informed that our number of students receiving free or reduced price meals was reported incorrectly on the December 2022 snapshot. Below are the correct numbers for the Darlington Community School District:

Free: 309 (217 elementary/middle school; 92 high school)
Reduced: 59 (40 elementary/middle school; 19 high school)

We have contacted our vendor (Infinite Campus) to make them aware of the issue of our data not flowing to Wise Data and have worked with them to correct the problem.

Wise Data export reports now are correctly indicating our number of economically disadvantaged students for both the 2022-2023 and 2023-2024 school years.

If you have any further questions, please contact me and I will address them the best that I can.

Thank you!

Sincerely,

Sheila Andrews
Administrative Assistant
Darlington Community School District
