**RE: ERRATA DATA**

To whom it may concern:

The data submitted for Darlington Community School District's October 1, 2019 snapshot contained a substantial reduction in the amount of special education students that should have been included. A second snapshot was conducted shortly after being notified of the error. That snapshot included 96 students. Upon reviewing this data, one student was not included due to the student being dismissed in 2017 but was reevaluated in February of 2019 and became special education eligible again. However, the previous exit data from the 2017 exit continued to be present in the enrollment section. This error has been fixed as of today's date and pushed through. Therefore, Darlington Community School District's October 1, 2019 special education count should reflect **97 students in total**.

If you have any questions or need anything else to resolve this issue, please do not hesitate to reach out via email [dempseyd@darlington.k12.wi.us](mailto:dempseyd@darlington.k12.wi.us) or via cell phone at (608) 206-2895.

Thank you for helping us resolve this substantial error.

Sincerely,

Dixie Dempsey  
Director of Special Education  
Darlington Community School District
