Re: Data Errata

To Whom It May Concern,

The data submitted for the Cudahy School District's December 8th, 2020 student snapshot contained a substantial difference in the count of economically disadvantaged students.

Due to a configuration issue with our Student Information System, Skyward, we had incorrectly coded our six CEP schools and reported all six schools as free lunch and economically disadvantaged. Without this correct code configuration our SIS did not populate accurate data for the December 8th, 2020 snapshot.

The incorrect data.

The correct data after reconfiguration.

Please accept this letter as official notification of the error of data.
