Dear Ms. Jones,

The Chequamegon School District has discovered an error in the data reported in WISEdash for the District regarding economic status.

Please accept this data errata letter explaining the inaccuracy of the following data.

I was informed that Chequamegon School District was not reporting student economic status for the 3rd Friday of September and October 1 child count under quality indicators within the WISEdata Portal. After further review of settings in our student information system, we identified the economic status was not transmitting to WISEdata properly. The data from the December 7, 2021 snapshot is not accurate; however, as of April 1, 2022, our student information system has been reporting our economic status accurately. Unfortunately, the inaccurate data was used for the school report cards from the 2022 spring testing.

We have corrected the data with DPI for the purpose of reporting to the school report card. The correct information is shown to the right.	Park Falls Elementary	151
	Glidden Elementary	30
	Class ACT Charter High	12
	Chequamegon Middle	68
	Chequamegon High	99
	Rural Virtual Academy	6
	Total	366

Sincerely,

Mr. Tim Kief
