Re: Data Errata

To Whom It May Concern,

After reviewing our school's economically disadvantaged data, we were advised that past snapshots displayed several students marked as economically disadvantaged. The data for the 2022-2023 showed that zero students were now marked as economically disadvantaged.

The records have now been updated on our SIS and resubmitted thru the Wisedata portal. A new export shows that the information submitted has been updated to show 17 students as economically disadvantaged.

Procedures are in place to ensure that this data is updated correctly in our SIS so that future snapshots have correct data for all students.

Respectfully

A handwritten signature in black ink, appearing to read "M. Peek".

Mr. Michael Peek
