To Whom It May Concern:

West Salem High School has two 2017-2018 incident dates for one student that are not reporting correctly to the DPI. Because of this we are not able to clear the errors.

This student started at the beginning of the 2017-18 school year, transferred out of state for one month, returned to West Salem for about three weeks, served time for approximately two weeks in the La Crosse [Logan] district while at JDC and returned to West Salem HS for two weeks to finish the year.

Because WISE pulls the most recent enrollment [5/24/2018], his discipline records from 1/31/18 and 2/23/18 – while attending West Salem High School - are not reporting correctly.

Here is a screen shot of his E/W data in our SIS [Skyward].
